FATAL SHOOTING ACCIDENT

A shocking shooting accident that resulted fatally, and that cast a gloom over the district occurred on the old Bashaw farm, a few miles from the town of Bashaw, last Monday afternoon, Sept. 14th. Raymond Bailey, the fourteen-year-old son of Mr. and Mrs. Ralph Bailey, of Bashaw, was the victim. It seems that the boy was carrying a gun on the hay rake, and in some manner unknown the gun was discharged, the contents striking him in the chest in an upward direction, inflicting ghastly wounds in his throat and face. The report of shot was heard away, and persons some distance away, and

this was followed by the team running away. A search was made and the body discovered, but the flame of life was extinct. The Coroner from Camrose held an inquest on Tuesday, and the funeral was held Wednesday afternoon, service being conducted in the Methodist Church. Unbounded sympathy was extended Mr. and Mrs. Bailey over the tragic death of their only son.

Mirror has lost another of its pioneers in the person of R. E. Coleman, who left on Tuesday for Calgary, where he is interested in the Summerland Oil Co., being one of the directors. The pool room has been taken over by R. Conway, and the barber business by Mark Whitecotton. We wish Ed. good luck.

GATHERS THIRD APPLE CROP

Jas. E. MacLaren informs The Journal that he has just finished picking his crop of crab apples for 1914. While the orchard only contains one tree bearing fruit, it demonstrates that the fruit can be grown in this part of Alberta. The tree was planted nine years ago, and this is the third year in succession that a crop has been harvested, this year's averaging 101 apples. The apples are of a good size and the flavor is exactly like the B.C. fruit. It will be shown at the fairs and will also occupy a place in Mirror exhibit in the Industrial Bureau at Edmonton and also at the Irrigation Congress in Calgary next month.

WAR MAPS FREE

To follow intelligently the European War situation and keep in touch with the lightning movements of the troops, a comprehensive war map of Europe giving all details is essential.

Of all the Maps issued there is but one that fills the bill, and that is the one issued specially by the celebrated map makers—G. W. Bacon & Co., London, Eng.

The Publishers of "The Family Herald and Weekly Star" of Montreal, always alive to the best interests of their subscribers the moment the map was issued, cabled an offer for Canadian rights of the map. Their offer has been accepted, and "Family Herald" subscribers will have the best Map available.

THE MIRROR JOURNAL has concluded arrangements with "The Family Herald and Weekly Star" by which our readers may also secure the map free of charge. In this issue will be found a clubbing offer of the two papers, including the Map. The offer is one that every reader of THE MIRROR JOURNAL should accept.

Newspapers are paying dearly for the war. The price of paper is going up, up, up! The cost of telegrams and cablegrams has increased from thirty to fifty per cent. Scores of newspapers have suspended publication, and hundreds of others have raised the subscription price. For the present "The Family Herald and Weekly Star," of Montreal, being in an exceptionally strong position is able for the present, at all events, to keep its rate formerly but an increase later on may become necessary. In the meantime, during the next thirty days, our readers are offered the greatest bargain in the newspaper world today. Read over announcement on page 4 of this paper, and order at once.

Foreclosure Suspended During War

The important announcement that no more orders for sales would be given for the specific performance of sale or foreclosure in mortgage actions was made by E. F. Clary, master in chancery, last Friday. The various Judges of Alberta have expressed themselves as being opposed to giving judgements in foreclosure proceedings in connection with

mortgages during the depression caused by the great world war now being waged. The master in chancery says this understanding will continue until the war is over. It does not apply to anyone who has absconded from the province.

The announcement is of the utmost importance to thousands of farmers in Alberta, whose operations have been somewhat crippled by the depression caused by the war. It will be of relief to debtors all over the province.

Good news regarding the progress on the details of the new Packing Plant were given out last night, when Mr. Piesch who is over here investigating matters decided that the plant will go where originally intended, on Mr. W. MacKirdy's quarter section south of town.
